PROFESSIONAL SUMMARY

Fresh graduate in Computers and Information and a Front-End Developer specializing in React.js, JavaScript, HTML5, and CSS3. Experienced in building responsive, modern, and user-friendly web applications with seamless REST API integration. Passionate about problem-solving, continuous technical learning, and delivering practical real-world software solutions.

TECHNICAL SKILLS

Languages & Core:	HTML5, CSS3, JavaScript (ES6+), C++
Frameworks & UI:	React.js, React Router, Bootstrap, Framer Motion
Developer Tools:	Git, GitHub, npm, Vite, Figma
Software Concepts:	REST APIs, LocalStorage, Responsive Design, OOP, Data Structures

KEY PROJECTS

Smart Medication Assistant

React.js, JavaScript, CSS

A comprehensive medication management application featuring reminder scheduling, adherence tracking, prescription upload/OCR, and an AI-powered chat assistant.

E-Commerce Store

HTML, CSS, JavaScript

A responsive online store web interface designed with modern UI components, structured product listings, and an intuitive user navigation system.

Cafe Website

HTML, CSS, JavaScript

A responsive website for a cafe built with a modern user interface and seamless menu navigation.

Personal Portfolio

React.js, Vite, Framer Motion, CSS

A fully responsive personal portfolio website showcasing technical skills, projects, certificates, GitHub, LinkedIn, and interactive contact forms with smooth animations.

Skin Care Website

HTML, CSS, JavaScript

A responsive skincare landing page featuring a clean, minimalist UI layout and optimized cross-device user experience.

Restaurant Website

HTML, CSS, JavaScript

A responsive web application for a restaurant featuring structured menu sections and user-friendly layouts.

EDUCATION

Faculty of Computers & Information, Zagazig University

Bachelor's Degree in Decision Support

Graduated 2026

CERTIFICATES & TRAINING

- Front-End Web Development Diploma (React JS) — 6 months, Score: 99.7% (2025)
- GDG on Campus Zagazig — Front-End Core Team Member (Academic Year 2024–2025)
- Front-End React.js Course
- C++ Course
- Object-Oriented Programming (OOP)
- Data Structures

SOFT SKILLS & LANGUAGES

Soft Skills: Problem Solving, Learning New Technologies, Teamwork, Communication, Reading

Languages: Arabic (Native), English (Good Reading & Technical Understanding)
